TEN REASONS TO READ TO YOUR CHILD

1. Because when you hold them and give them this attention, they know you love them.
2. Because reading to them will encourage them to become good readers.
3. Because children's books today are so good they are fun, even for adults.
4. Children's book illustrations often rank with the best, giving them a lifelong feeling for art.
5. Books are one way of passing on your moral values to them. Readers know how to put themselves into others' shoes.
6. Because, until they learn to read themselves, they will think you are magical.
7. Because every teacher and librarian they encounter will thank you.
8. Because it is nostalgic.
9. Because, for that short space of time, they will stay clean and quiet.
10. Because, if you do, they may let you read in peace.
